

**DEARBORN HEIGHTS SCHOOL DISTRICT #7
ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)
2015 NOTIFICATION**

The Environmental Protection Agency (EPA) requires that each year, district workers and building occupants receive notification about asbestos activities such as response actions and inspections. The purpose of this correspondence is to meet those requirements and familiarize you with the asbestos-related activities that have been conducted in Dearborn Heights School District #7 during the last year.

MANAGEMENT PLANS

In 1988, Dearborn Heights School District #7 contracted with Kemron Environmental Services, to conduct inspections for asbestos containing material (ACM) within all district-owned buildings. These Management Plans are available for review in our Operation & Maintenance Department and the administrative office of each building.

SURVEILLANCE ACTIVITIES

The AHERA regulation requires surveillance of the condition of ACM every six months and Reinspections every three years. The Three-Year Reinspection within each of our buildings was conducted in September of 2013. The next Reinspection will be conducted in September of 2016. The last periodic surveillance was conducted in September of 2015. All of these surveillance activities will be included as part of the building's Management Plans.

ASBESTOS ABATEMENT

All known or assumed asbestos within our district is maintained using our Operation & Maintenance Program. Over the past year, Dearborn Heights School District #7 performed minimal abatement activities within Annapolis High School, Bedford Elementary School, Best Middle School, Pardee Elementary School & Polk Elementary School. Removal included, but is not limited to, ACM floor tile, ACM floor tile mastic and ACM pipe insulation. All abatement activities were conducted by Michigan License Abatement Contractors and were overseen by Nova Environmental, Inc. All documentation regarding past and future asbestos abatement projects is available both at each individual building and within the Operation & Maintenance department. Please address all concerns or questions to our asbestos Designated Person, Mr. John Nicholl, at 313.203.3200 ext. 3231.
